THE STATE OF NEW HAMPSHIRE

TOWN WARRANT 1987

To the inhabitants of the Town of Fitzwilliam, in the County of Cheshire, in said state, qualified to vote in town affairs, you are hereby notified to meet at the Town Hall in said Fitzwilliam on Tuesday, the tenth day of March next at seven (7:00) o'clock in the afternoon to act on the following subjects:

ARTICLE 1. To bring in your votes for the election of one Selectman for three years, one Fireward for three years, two members of the budget committee for three years, one member of the budget committee for two years, two members of the Planning Board for three years, one member of the Planning Board for one year, one Trustee of Trust Funds for three years, one Trustee of the Library for three years, one Cemetery Commissioner for three years, and three Commissioners of Plante Memorial Park for one year.

ARTICLE 2. (by ballot) "Are you in favor of the adoption of the Land Usage By-laws as proposed by the Planning Board?"

Polls will open not later than 2:00 p.m. and close not earlier than 7:00 p.m., or such later time as shall be authorized by vote of the town.

ARTICLE 3. To hear and act upon the reports of agents, committees and officers heretofore chosen.

ARTICLE 4. To see if the town will vote to appoint a committee to have charge of the Memorial Day exercises, or take any action thereon.

ARTICLE 5. To see if the town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

ARTICLE 6. To see if the town will vote to authorize the withdrawal from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972 and the Anti-Recession Act of 1976 for use as a set off against budgeted appropriations for the highway department the sum of $13,219.00 plus any accumulated interest, or take any other action thereon.

ARTICLE 7. To see if the town will vote to raise and appropriate the sum of $60,000.00 for the repair of the town hall roof, or take any action thereon.

ARTICLE 8. To see if the town will vote to raise and appropriate the sum of $20,000.00 for the repair of the depot fire station roof, or take any action thereon.

ARTICLE 9. To see if the town will vote to raise and appropriate the sum of $100,000.00 for the repair and reconstruction of the Royalston Road, such appropriation to be financed by $50,000.00 being paid out of the present year's revenues and $50,000.00 to be paid by the issuance of a one-year note with interest at such rate as the Selectmen shall deem in the best interest of the town, or take any action thereon.

ARTICLE 10: To see if the town will vote to raise and appropriate the sum of $12,500.00 to be combined with funds raised and appropriated under ARTICLE 7 of the annual meeting of the town in 1986 and funds provided by the State of New Hampshire for the repair and reconstruction of the Rhododendron Road, or take any action thereon.

ARTICLE 11. To see if the town will vote to raise and appropriate the sum of $12,500.00 for the purchase of a suitable vehicle for the use of the Police Department, or take any action thereon. (This appropriation was submitted without recommendation by the budget committee.)

ARTICLE 12. To see if the town will vote to raise and appropriate the sum of $20,000.00 for the purchase of materials for resurfacing of town roads (asphalt and grits), or take any action thereon.

ARTICLE 13. To see if the town will vote to raise and appropriate the sum of $5,000.00 and to authorize the Board of Selectmen to negotiate for the purchase of land situated on the east side of East Lake Road in Fitzwilliam Depot presently owned by Guilford Transportation Industries (Boston & Maine Railroad), or take any action thereon.

ARTICLE 14. To see if the town will vote to raise and appropriate the sum of $35,000.00 for the purchase of a truck suitable for use by the highway department, or take any action thereon.

ARTICLE 15. To see if the town will vote to raise and appropriate the sum of $7,500.00 to comply with the State of New Hampshire Division of Public Health order dated March 25, 1986 that we establish a ground water monitoring program at our Trash Transfer Station, or take any action thereon. (This appropriation was submitted without recommendation by the budget committee.)

ARTICLE 16. To see if the town will vote to raise and appropriate the sum of $54,000.00 for the construction and equipping of an athletic field at the town recreational complex (situated on land leased from the Monadnock Regional School District, adjoining the Emerson School property), such appropriation to be financed by $22,000.00 being paid out the present year's revenues, $5,000.00 being withdrawn from the capital reserve fund established under ARTICLE 17 of the annual meeting of the town in 1984, and $27,000.00

by a grant from Federal Land and Water Conservation Funds, or take any action thereon.

ARTICLE 17. To see if the town will vote to raise and appropriate the sum of $5,000.00 to finance a suitable celebration of the 225th anniversary of the settlement of Fitzwilliam, or take any action thereon.

ARTICLE 18. To see if the town will vote to raise and appropriate the sum of $1,000.00 for the purchase of protective clothing for use by the fire department, or take any action thereon.

ARTICLE 19. To see if the town will vote to raise and appropriate the sum of $10,000.00 for the purchase and installation of a pump to complete the conversion of the 1976 GMC cab and chassis acquired from C. R. Bard and accepted by the town under ARTICLE 2 of the special town meeting of August 28, 1985, or take any action thereon.

ARTICLE 20. To see if the town will vote to raise and appropriate the sum of $2,000.00 for the purchase of large diameter hose for the use of the fire department, or take any action thereon. (This appropriation was submitted without recommendation by the budget committee.)

ARTICLE 21. To see if the town will vote to raise and appropriate the sum of $1,800.00 to support the operation of the Meadowood County Area Fire Department, or take any action thereon.

ARTICLE 22. To see if the town will vote to raise and appropriate the sum of $1,415.00 for the support of the Monadnock Family Services, or take any action thereon.

ARTICLE 23. To see if the town will vote to raise and appropriate the sum of $6,000.00 to purchase ski equipment for the recreation department, or take any action thereon. (The budget committee recommended that the sum of $2,500.00 be appropriated.)

ARTICLE 24. (by petition) To ask the town to set aside $1,000.00 for establishment and maintenance of walkways to be incorporated alongside the following roads as they are relined and repaved this year: (1) Lower Troy Road, (2) Route 119 from the Depot Store to West Lake Road, (3) Route 119 and Route 12 from the common to the new Post Office, (4) Route 119 from the Blake House to Rhododendrom Road. (This appropriation was submitted without recommendation by the budget committee.)

ARTICLE 25. To see if the town will vote to raise and appropriate the sum of $200.00 for the Monadnock Arts Council, or take any action thereon.

ARTICLE 26. To hear the report of the budget committee and pass any vote in relation thereto.

ARTICLE 27. To see if the town will vote to authorize the Board of Selectmen to trade, sell or otherwise dispose of any unusable vehicles or equipment of any of the departments of the town, or take any action thereon.

ARTICLE 28. To see if the town will vote to authorize the Board of Selectmen to sell tax deeded property, or take any action thereon.

ARTICLE 29. To see if the town will vote to pass the following ordinance:

> "No construction may be started on any site in the town until such time as all required permits and approvals have been issued by local and state authorities. For the purposes of this ordinance, construction shall include any clearing, grubbing, excavation, filling or grading done in connection a construction project, however, this ordinance shall not apply to percolation test holes and limited clearing required to gather data necessary for the submission of permit and approval applications to appropriate state and local authorities. Any person convicted of a violation of this ordinance shall be fined not more than $50.00 for each day said violation exists."

ARTICLE 30. To see if the town will vote to authorize the Board of Selectmen to accept on behalf of the town a parcel of land on Scott Pond owned by Carolyn J. Winskye, shown on the town tax map as Map 35, Lot 6, or take any action thereon.

ARTICLE 31. To see if the town will vote to authorize the Board of Selectmen to convey a parcel of land consisting of approximately three-tenths of an acre on the east side of the Templeton Turnpike to Mary W. Zukis, said parcel being as described in Vol. 313, Page 565 of the Cheshire County Registry of Deeds, or take any action thereon.

ARTICLE 32. (by petition) To see if the town will vote to instruct the town's representatives to the court to take all necessary measures to insure that no low level radioactive waste from the Seabrook nuclear plant shall be stored or disposed of within this Town of Fitzwilliam unless and until the proposed site of the proposed storage or disposal has been approved by the voters of the town at the annual town meeting by written ballot.

February 12, 1987.

Poll of the house vote: YES 59 NO 33.

Article XXV - (By petition) Article passed as written. To oppose the burial, storage, transportation and production of high level radioactive waste in the town of Fitzwilliam and State of New Hampshire.

Article XXVI - Voted to authorize the Selectmen to grant a franchise to a cable television company to provide cable television service in and to the Town of Fitzwilliam in accordance with RSA 53:129 Inclusive.

Article XXVII - This article was passed as amended to read: Voted to amend the dump-junkyard ordinance adopted under Article 27 of the annual meeting of the town of 1968 substituting therefor and adopting as a town ordinance the provisions of RSA 236:11 THRU RSA 236:129 Inclusive.

Article XXVIII - Voted to accept this article to adopt the ordinance concerning consumption of alcoholic beverages in Public places.

There being no further business the meeting adjourned at 10:28PM. All elected officials were sworn in as by law prescribed.

Respectfully submitted,

Jane R. Wright
TOWN CLERK

SELECTMEN'S REPORT 1986

The Town of Fitzwilliam continues to grow at an increasing rate. During 1986 our estimated population reached 1,948 people or an increase of approximately 8% over 1985. We issued 78 building permits an increase of 25% over 1985. These permits included 31 living units primarily single family homes, 4 commercial permits, and an assortment of garages, sheds, patios, etc. The declared construction cost of all permits issued is $3,126.00.

We expect that the growth rate experienced during 1986 will continue unabated during 1987. Growth is undoubtedly healthy for a community, however it also causes many concerns. In Fitzwilliam these have included Industrial/Commercial operations locating in primarily residential areas, over crowded schools, changes in our quality of life, and increased costs for providing basic town services to name a few. To deal with these concerns the place to start is a set of rules and regulations that reflect the desires and best interest of the community, long range planning so that we know where we are headed, and concerned citizens who want a better Fitzwilliam and are willing to work for it. Already work in these directions has started with proposed new zoning bylaws, a proposed revised Master Plan, and authority to develop a Capital Improvements Plan. We urge all residents to take an active part in supplying input to these efforts.

We would like to remind everyone that building permits are required for all new construction, including additions and renovations. This requirement also includes manufactured housing, changes of use such as adding an apartment, or setting up a commercial operation. The requirement applies to all building including barns, sheds, patios etc. You do not need a permit for maintenance and repair projects. If you have a question please contact this board. In a number of cases during 1986 work was started prior to issuance of a permit. This could subject the owner and/or builder to additional costs and inconvenience.

We have developed an instruction sheet listing all of the steps necessary to obtain a permit. Copies are supplied with each permit application, also a copy has been reproduced elsewhere in this years town report.

We have expanded the job of building inspector this year in order to do a better job of both inspecting and enforcing our regulations. The increased cost of this program is offset by increased permit fees.

The portion of Royalston Road project which we planned and funded last year has been completed. This year we are requesting funds to continue the project from the Holman Road to the State Line. The funds requested should be sufficient to do everything except pave this stretch of road. The oiling or paving is being planned for 1988. While work has started on the Rhododendron Road project much remains to be done. The work is being done under the supervision of the state Highway Department. We expect a large increase in progress during 1987. One area which we discussed with the State Engineers was the intersection of Rhododendron Road and Richmond Road. We have agreed that straightening out the road going up the hill and raising the elevation of the road at the intersection would go a long way towards making this intersection safer. This was not included in the original project and we are requesting $12,500.00 this year as our share of this adder.

This year we are requesting funds to provide new roofs on both the town hall and the depot fire station. The steeple jacks who repair our town hall roof each year have for several years advised us of the sad shape of the roof. Fasteners are rusting off and we loose slate on a regular basis. Also there are many broken and cracked slate. We are proposing to remove all of the slate, repair and/or replace roof boards as necessary, apply felt paper and replace the slate using new slate on the south side and salvage slate from what is removed on the north side. The slate would be reinstalled with copper fasteners, copper flashing and copper snow belt. We feel that this will solve our roof problems for many years and before continuing roof problems result in more deteriation of the building. This year we were advised that the asphalt roof on the depot fire station is blistering and cracking. We are proposing to replace the roof and in the process add 4" of solid insulation to cut down on heat losses.

A revised statute on cutting operation has become effective in 1986. RSA 79. There are a number of changes in regards to intents to cut which any landowner contemplating selling timber should be aware of. Among the changes is the requirement that the landowner file the intent-to-cut and take responsibility for payment of the yield tax. This year the Board of Selectmen have hired a professional forester to survey lots being cut and advise us as to the available timber and the value. This information will allow us to better assess yield taxes and insure that the town receives the tax that is due.

February 4, 1987

Board of Selectmen
Town of Fitzwilliam, New Hampshire

We have examined the financial statements of the various funds and account groups of the Town of Fitzwilliam, New Hampshire, for the year ended December 31, 1986, and have issued our report dated January 22, 1987. As part of our examination, we made a study and evaluation of the Town's system of internal accounting control to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. Under these standards, the purpose of such an evaluation is to establish a basis for reliance on the system of internal accounting control in determining the nature, timing, and extent of auditing procedures that are necessary for expressing an opinion on the financial statements and to assist us in planning and performing our examination of the financial statements.

The establishment and maintenance of a system of internal accounting control is an important responsibility of Town officials. The objective of internal accounting control is to provide reasonable, but not absolute, assurance as to the safeguarding of assets against loss from unauthorized use or disposition and the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the evaluation of these factors necessarily requires estimates and judgments.

There are inherent limitations that should be recognized in considering the potential effectiveness of any system of internal accounting control. In the performance of most control procedures, errors can result from misunderstanding of instructions, mistakes of judgment, carelessness or other personal factors. Control procedures whose effectiveness depends upon segregation of duties can be circumvented by collusion. Similarly, control procedures can be circumvented intentionally with respect to the estimates and judgments required in the preparation of the financial statements. Further, projection

of any evaluation of internal accounting control to future periods is subject to the risk that the procedures may become inadequate because of changes in conditions and that the degree of compliance with the procedures may deteriorate.

The study and evaluation previously described was made primarily for the purpose of performing an audit in accordance with generally accepted auditing standards. It would not necessarily disclose all weaknesses in the system because it was based on selective tests of accounting records and related data. The study and evaluation disclosed the following weakness which we consider to be material.

BANK RECONCILIATION - GENERAL FUND

The general fund bank accounts were not reconciled to the books at December 31, 1986. A prompt reconciliation of all bank accounts with the accounts of the Town is required to control and safeguard the use of funds. We have provided the Town treasurer with a detailed recommendation in this area.

A letter of this type is critical by nature. We found many examples of sound business management practices in our review of the Town's systems. We wish to express our appreciation for the cooperation we received from Town officials.

Very truly yours,

Carey, Nadeau & Chubay, PC

FIREWARDS REPORT

1986 CALLS

The Fitzwilliam Fire Department responded to 143 calls in the period from December 1, 1985 through November 30, 1986. The calls included 5 structure fires, 18 chimney/partition fires, 6 brush fires, 5 car fires, 2 electrical fires, 2 smoke investigations, 8 automatic fire alarms, 7 fire Mutual Aid or cover calls, 4 rescue Mutual Aid calls, 20 motor vehicle accidents and 66 rescue calls. As usual rescue calls and motor vehicle accidents have been at no cost to the town notwithstanding the substantial investment of time and equipment and the additional training time needed for rescue personnel. In view of this situation, the firewards are proposing a change so that certified rescue personnel will be compensated for calls on the same basis as fire personnel since rescue personnel must meet not only the fire training requirements but much additional training and updating to maintain their skills. Based on the services rendered to the town by rescue personnel over the years, the firewards feel this is both a fair and wise investment.

EQUIPMENT

Our front line pumpers, the 1978 Ford and the 1965 International are in good condition, although the International needs some body and plumbing work. The 1978 Mack tanker recently had some pump and reel work done, and is in excellent condition. The rescue truck and forestry truck are in good condition, however, due to its age and extensive use, plans will soon have to be made for replacement of the rescue vehicle. As usual, the old tanker remains available for use as needed.

TRAINING

We are pleased to advise the town that during 1986 10 Fitzwilliam firefighters completed the so called Firefighter I course and have been certified by the State of New Hampshire. They join 6 other members who have completed the course earlier. Although certification has not been mandated by the State for all departments, we feel it will be in the near future, and are pleased to have as many members certified as we do.

In addition, many members have taken additional training at Meadowood and other fire schools, and all members are required to participate in the monthly drills of the department.

In the rescue area we have several members certified at various levels including EMTs, advanced first aiders and first responders. We are also mandating CPR for all fire service members whether or not they are involved in rescue work.

1987 WARRANT ARTICLES

In addition to our general budget, we have three so called "special money" articles on the warrant this year. They are ARTICLES 18, 19 and 20.

ARTICLE 18 is a request for $1,000 for the purchase of protective clothing. We have been in the process over the last year or two of establishing a program for the orderly replacement of firefighting gear. This appropriation would continue that program.

ARTICLE 19 covers the second phase of the conversion of the truck acquired from C. R. Bard to replace the old village pumper-hose reel. In 1986 we had requested sufficient funds to cover the entire project. Due to other needs of the town, the budget committee recommended one-half of the money last year and suggested completion of the project this year. During 1986 we were provided with excellent work by Kingsbury Machine Tool Company and Jaffrey Fire Protection Company for the body and reel work. We hope to have most of the body work completed by town meeting. This year's appropriation is to cover the installation of a pump on the front end of the vehicle. Hopefully the project will be completed within all budgeted amounts, and thanks to the generosity of Kingsbury Machine Tool and C. R. Bard, as well as the many volunteer hours put in by members of the department, we should have a vehicle on the road which, if purchased new, would involve an investment of at least three to four times as much money as the town will have invested in this unit.

ARTICLE 20 deals with large diameter hose. Originally our reel truck held approximately 2,000 feet of 4-inch hose. No hose has been purchased for many years, and our hose capacity has been diminished due to wear and tear. Accordingly, the firewards feel that we are overdue in starting a capital replacement program for the large diameter hose. We suggest starting the program this year with the $2,000 appropriation under this article. The budget committee did not recommend this appropriation, however, we urge the passage of this article so that this overdue replacement program can get started during the present year.

INSPECTIONS

Under town and state regulations, various inspections are required. If you have any questions, please direct them to the firewards or to the Board of Selectmen. We now have a code enforcement officer who works under the direction of the Board of Selectmen and he will be handling most required town inspections.

FIRE PREVENTION

As usual, members of the fire department visited the Emerson School and the Fitzwilliam Cooperative Preschool during fire prevention week and presented demonstrations to the students, and left fire prevention material for the various grade levels.

MEADOWOOD

As usual, the firewards express their thanks for the assistance rendered by the Meadowood County Area Fire Department during 1986, and congratulate Meadowood on the acquisition and excellent refurbishing of its tower ladder from the New York City Fire Department. It is the continued availability of such unique equipment as this that makes Meadowood such a valuable neighbor to Fitzwilliam and the other towns in the area.

The firewards encourage your support of the article in the warrant to assist Meadowood's operating budget. We also encourage your support of Meadowood's annual fund drive carried out by the Board of Directors which is used for capital improvements in rolling stock and the training center.

CAPITAL IMPROVEMENT PROGRAM

The firewards have been working on a capital improvement plan to try to assess the town's needs in the fire service area for the near and more distant future. With the town growing as rapidly as it is and the demands being placed on all of the town's resources, the firewards feel that this type of plan is essential both for the safety of the citizens and for proper financial planning.

POLICE DEPARTMENT REPORT FOR 1986

For 1987, the police department's prime goal is to maintain the level and quality of service we have provided and that you have come to expect right along. The budget I submitted was prepared pursuant to our Capital Improvements Plan. Unfortunately, the Budget Committee did not approve my planned budget request, or the article for a new police car. You must recognize that a reduction in service will thus be required, the extent of which is undeterminable until after Town Meeting.

Maintaining competent personnel is rapidly becoming a crisis. For the moment, the town is fortunate to have a dedicated staff of officers who have been willing to make the sacrifices. The attendant costs goes far beyond dollars, and you must examine and consider what you are looking for in the police department.

This was our most active and productive year ever. Yet, we were able to meet the challenge, with the same number of officers that we have had for a number of years, by meeting our goals. 1987 is likely to be even more demanding. I expect that in 1990, it will be necessary to closely assess the need for an additional officer. This possibility has also been provided for in my Capital Improvements Plan.

Liability is a growing concern to municipalities, and we should be attentive to the risks. The state of the insurance industry and the plethora of lawsuits attest to the continuing growth of the problem. Our first line of protection is competence; primarily through testing, training, and management. I am pleased to report to you that we are continully working to provide what we need to protect the community.

Investigated cases totaled 194, a 35% increase over the year before; and 132 persons were taken into custody. Property crime, our most prevalent, accounted for 73 offenses; 46 were not cleared. Of the 32 burglaries, 7 were residences and 6 businesses. Remarkably, arrests were increased by 106%, and totaled 132. 7 were for felonies, traffic related arrests constituted 44% of the total, and 16 detentions were for status or civil incidents. The proportion of persons drinking or impaired when arrested was typically very high, for which Fitzwilliam is not unique.

Calls for service numbered 1,061 and numbered about the same as in 1985. We drove approximately 55,000 miles on our cars. Alarms are becoming more frequent; 70 alarm calls were documented for the year, which we will work to reduce through the town ordinance. Animal control was well improved; only to find ourselves without an animal officer at the end of the year. This situation will be corrected again this year. Meanwhile, the police department will be handing your complaints concerning animals.

As last year, we were unable to meet our objective of a 40% increase in traffic enforcement due to other demands. However, we did improve 33% by making 905 vehicle stops. In spite of increased enforcement, an alcohol related accident took the life of a young man on Upper Troy Road. This tragedy was one of 52 reportable accidents for the year. Route 119 remains the most accident prone roadway in the town, and road conditions continue to prevail as the main cause. I have seen traffic enforcement as once very unpopular in our town; but now, calls from you for increased enforcement are commonplace. We will be responding to your concerns as we can, especially in the more accident prone areas.

Inaction over replacing our station led to approval by the Board of Selectmen to make more adequate use of our space. A small amount of funds were provided, and with volunteer labor from officers, a more practical office was made. Unfortunately, the remodeling is incomplete, and does not eliminate our need for a functional facility.

The growth we see in our community and region is placing greater demands on our services. The citizen's call reporting unusual or suspicious behavior is a big help to us, anonymous or otherwise. By reporting what you see, you can help us be more efficient, and together we can continue to keep Fitzwilliam the way we like it best. My sincere thanks to all those who have helped us during the year, with my hope that our excellent working relationships will continue and prosper in 1987.

BUILDING PERMIT APPLICATION
DIRECTIONS FOR SUBMITTAL

1. GENERAL

Building permits are required for all new construction including "manufactured housing". Permits are also required for additions, alterations and renovation of existing structures.

Building permits are not required for normal maintenance and repair projects.

Any person commensing construction prior to issuance of a building permit may be subject to a fine of up to $50.00 per day.

Building permits are issued by the Board of Selectmen upon submittal of a complete application. Applications may be sent to the board or brought in in person. Applications will be acted on at the weekly Selectmen's meeting. Applicants should allow up to thirty(30) days for Board Action on an application.

An application received which does not include all required information including the permit fee will automatically be returned to the applicant.

Building permits will be issued for construction on Class I through Class V Highways and approved subdivisions. (RSA 674:41)

Applications for building permits on Class VI highways should consult RSA 674:41 for the special procedure outlined. The Board of Selectmen will consider each application separately. Approval on one permit application will not automatically result in approval on any other application.

Building permits are void if construction does not commence within one year from date of issuance.

Applicants should acquaint themselves with town zoning regulations.

Permits fees are in accordance with the following schedule:

A.	Single family residence including seasonal	$75.00
B.	Renovation, alteration or additions to	25.00
C.	Multifamily residences - per unit	75.00
D.	Barns, sheds and other uninhabited structures under 150 feet	10.00
E.	barns, sheds and other uninhabited structures 150 feet or over	20.00
F.	Commercial & Industrial - first 1,000 feet	100.00
	for each additional 1,000 feet or part of	25.00

2. SUBMITTAL INSTRUCTIONS:

a) Please read these instructions thoughly. All applications submitted not in strict compliance will be returned. Fill out the application form completely and submit in four copies. All prescribed information must be attached. Hard copies of all State and Local permits, variences etc. must be attached. We stress very stongly that fathering this information is the applicants responsibility.

b) Enclose the prescribed permit fee. Permit fees are non-refundable.

c) Attach a floor plan of the building complete with basic dimensions and sufficient information to describe the project. On existing buildings show what areas are being renovated or added. All plans to be submitted on 8½ X 11" paper or even mutiples (ie. 11" X 17" X 22" etc.) All plans to be to scale; clear and neat. Rough sketches are not acceptable.

d) Attach a plot plan showing the location of the structure, dimensioning to streets and lot lines, location of driveways, outbuildings, wells, and sewage system. (Note this can be included on the same plan as "c" above if it can be shown clearly. The same drawing requirements will hold.

e) Attach a copy of the State of N.H. "permit to construct" the sewage system. For structures which normally have no sewage effluent mark this "not applicable" on the application form. For alternate sewage systems, submit complete details with the application. Alternate systems must include an approval from the town health officer. On projects involving the utilization of an existing system a letter from the State of N.H. WS&PC Department authorizing such utilization will be required.

f) All new construction requires an Energy Compliance permit issued by the Public Utilities Commission, 8 Old Suncook Rd., Concord, N.H. 03301. ATTN. Mr. John C. Cutting. (603) 271-2431 Ext. 49. We will require both the permit and the application as describes the structure and energy conservation measures.

g) Attach a driveway permit issued by the Town Road Agent for all construction on town roads in which a new driveway is to be constructed, or an existing driveway is to be upgraded. Construction on State Highways will require a permit from the State Highway Dept.

h) Attach an approval from the town Historic Commission for all construction within the Historic Districts.

i) All construction must be in accordance with town zoning bylaws, including lot size, frontage, and setbacks. Any application not complying with town zoning bylaws can only be considered if accompanied by a variance issued by the Board of Adjustment.

j) All industrial and commercal construction including multifamily housing will require a site plan approval by the Planning Board. Building permit applications must include a site plan approval.

k) The Board of Selectmen reserve the right to request any additional information necessary to issue strict accordance with all state and local building and zoning ordinances.

3. CONSTRUCTION

No construction may start prior to the issuance of a building permit.

Builder will locate the building permit issued by the Board in a conspicuous location.

The town does not require progress inspections. We do not inspect foundations, structures, wiring, plumbing etc. We do inspect for compliance with those items covered by these instructions together with smoke detectors, burner permits, and items mandated by state Law.

The town building inspector will visit the site from time to time to establish your compliance with our regulations.

4. OCCUPANCY PERMIT

No residential structure may be occupied without first obtaining an accupancy permit.

Occupancy permits are issued by the Board of Selectmen after inspection and approval by our building inspector.

To arrange for an inspection contact the building inspector Mr. Edwin O. Mattson, Jr. at 585-6576. Builders should allow for up to thirty (30) days for the inspection and issuance of an occupancy permit.

LIBRARIAN'S REPORT 1986

The year 1986 was a very good one for the library. Library circulation in 1986 totalled 10,084 (up over 1,000 from the previous report). We acquired 446 new books and discarded 102. This brings the total number of volumes to 14,307.

The Alice Cleveland Fund purchased 114 new books in 1986 while memorial books accounted for 4 and the Mamie Roche Trust Fund for 3. The Friends of the Library bought us 2 filmstrips and trust funds allowed us a new set of encyclopedias, 20 juvenile cassettes and books and 107 other titles.

There were so many changes in the library last year it is hard to recall them all. Due to a grant from the Broadhurst Foundation as well as our own trust funds and the aid of the Friends of the Fitzwilliam Library, we were able to continue our renovations. These included the painting of the outside of the library as well as the upstairs meeting room, carpeting, magazine shelving and new furniture for the Reading Room, a new roof for the barn and a completely redone bathroom.

The generosity of the Friends this year purchased a filmstrip projector for single and group showings and a new screen. The Friends also sponsored 5 programs as well as our annual Balloon Launch and entertainment during National Library Week. Thanks again to our wonderful Friends and to volunteers Judy Hancock, Harriet Underwood, Dotty Crowley (for her puppetry making classes during the summer break) and Mabel Sturtevant.

Other events in 1986 included storytime for the pre-school throughout the year, as well as our weekly summer storytime, puppetry classes and a very successful Reading Program. Fines were raised, in 1986, to 5¢ a day.

The library added 3 more hours to the schedule in 1986 in our efforts to meet new state requirements for accredidation in the State Library System. In 1987 we will add 4 more hours to bring us to a total of 22 hours. We are also discussing the feasibility of adding handicapped access to the building in the next few years.

And finally I would like to mention the appointment of Deborah Chipman as Assistant Librarian. She is a welcome addition to the library!

Respectfully submitted,

Susan M. Massin
LIBRARIAN

Kitty A. Doty, Treasurer

Having examine the accounts & Records of FVNA for the year ending 12/31/86 I find them correct and in good order.

J. Hayes Metzger, Auditor

THE FITZWILLIAM CONSERVATION COMMISSION

The formal Conservation Commission concept was started in New Hampshire under legislation enacted in 1963. It wasn't until 1971 when the Fitzwilliam Conservation Commission was founded by a vote of the town.

The Commission is charged with the protection and utilization of the community's natural resources. Its function is to preseve open space for aesthetic reasons, to protect wet areas from development that would reduce their value for flood control, and to preserve wild-life habitats.

The Town at present has two parcels of property with a total of about 130 acrea (the Whitcomb lots) which are under the Conservation Commission, to be managed and controlled.

The Commission is being re-orgainzed, to become more active and effective. As open land is a splendored resource for which we can be thankful, that resource, however, is in ever increasing jeopardy from development unless we who care about open land take steps to protect it, if not, there won't be enought left for future generations to enjoy.

Respectfully,

Robert Corrett,Chmn.
Robert Schumann
Richard Rees

SPORTSFIELD COMMITTEE

In 1986 the Sportsfield Committee's request from the Budget Committee of $62,000.00 for the development of the Sportsfield was turned down. We did not make the deadline to put our request on the Town Warrant. At Town Meeting I asked the voters for, and received, a $10,000.00 line item increase on the Recreation Budget in order to continue the work all ready started on the field. This money was specifically planned to be used to blast the ledge at home plate area. Estimates from Carl Thomas Co. of Spofford, N.H. and Explosives Engineering, Inc. of Ayer, Ma. fell into the range of $9,000.00 to $14,000.00 This lose material was then going to be bulldozed into the lower outfield in order to lessen the degree of grade difference from home plate to the outfield. However, after several meetings and much discussion, this committee felt, to spend this money in this manner would not significantly lower the overall cost of the project. Several loads of rough fill from the Rhododendron Road project were dumped onto the field and spread with a bulldozer. A rough, preliminary access road to the field was also bulldozed. The cost for this work was $399.60, which was deducted from the $10,000.00. The remainder was returned to the general fund.

We applied and were accepted for a matching grant from the Land and Water Conservation Fund through the Federal Government. This year we asked the Budget Committee for $54,000.00 to develop the sportsfield. With $27,000.00 coming from the Grant, $5,000.00 taken from Capital Reserve, and $1,100.00 from the Lions Club, the Town will actually have to appropriate $21,000.00. The Budget Committee recognized our need and included us on their budget. We also have a Warrant Article for Town Meeting for the Towns vote. With this money, the Sportsfield will be filled, leveled and seeded. A driveway and parking lot, separate from the school building area, will be finished.

This committee is working closely with Selectmen and the School Board to decide to agree upon and specifically mark out, by a surveyor, the area of the ballfield, polebarn and tennis courts to comply with the federal rules for accepting Federal Funds. This area, to be called "Exhibit B" in the agreement between the Town of Fitzwilliam and the Monadnock Regional School District, and area "6-F" for the Federal Government, will from here on in be used for outdoor recreation. If the School District must reclaim any or all of this land, the Town has agreed to substitute a piece of property of equal value for outdoor recreation.

Respectfully Submitted

Sue Bemis
Chairman
